

FACILITIES MASTER PLAN

Division of Facilities Planning & Management

We Need Your Input!

Please contribute your voice to the OUSD facilities master plan! The master plan will direct the district's building projects for the next five to ten years

Thank you!

Name (optional): _____ **Role:** Student Staff
 Teacher Other:
 Parent

Email (optional): _____

School(s) you are most involved with: _____

1. Help identify site needs.

In light of the Community Schools, Thriving Students strategic plan, what site facilities needs would you identify at your school(s)?

2. Help prioritize projects.

What projects are most important? Least important? Examples of potential projects are things like replacing portables with permanent buildings, creating specialty classrooms, or modernizing aging buildings.

3. Supporting the bond measure.

What would encourage you to vote for public spending in support of OUSD school facilities?

FACILITIES MASTER PLAN

Division of Facilities Planning & Management

The Board of Education had questions about facilities master plan in the topic areas below. Please share your thoughts and priorities to help direct the effort.

4. Portable Removals

What are your thoughts on the importance of removing portables throughout the district?

5. Alternative Property Use

OUSD currently owns more facilities than it needs for the number of students enrolled. What alternate uses for excess space do you support, such as joint-use, charter schools, or property sales?

6. District Policies to Support Full Service Community Schools

What role would you like the district to play in the future development of the surrounding community? What would help your community take advantage of school facilities?

7. Misc.

Any other questions or comments?
